

# Tease Me

Lianne La Havas

Verse 1:

The dream never stops  
But I see the end before I wake up  
Ooh

The dream never wins, no  
So I pray for yesterday  
And I haven't slept a wink since

Bridge 1:

I never know what I want, what I need  
So I think it's best you stay away from me

Chorus:

'Cause I hate the way you tease me  
I am not lonely, I'm alright  
But you sure don't make it easy  
To show my hand and say, "goodnight"

Verse 2:

I'll try anything  
But it's me who takes the blame  
If I sing, Ooooh  
Will I try again?  
No

I've received my faithful end  
How did I let this shit happen?

Bridge 2:

I never know what I want, what I need  
So I think it's best you stay away from me

Chorus:

'Cause I hate the way you tease me  
I am not lonely, I'm alright  
But you sure don't make it easy  
To show my hand and say, "goodnight"  
Will I try again?

No

Chorus & some:

--I hate the way you tease me  
I am not lonely, I'm alright  
But you sure don't make it easy  
To show my hand and say, "goodnight"

I never let my guard down  
So why did I let it slide for you?  
I know it so wrong, but somehow  
There's nothin' I could say, or do  
Or do
