Never Be the Sun

Nanci Griffith

You'll never be the sun turning in the sky
And you won't be the moon above us
On a moonlit night
And you won't be the stars in heaven
Although they burn so bright
But even on the deepest ocean
You will be the lightYou may not always shine as you go
Barefoot over stones
You might be so long together
Or you might walk alone
And you won't find that love comes easy
But that love is always right
So even when the dark clouds gather
You will be the lightAnd if you lose a part inside
When love turns around on you
Leaving the past behind
Is knowing you'll do as you always do
Holding you blind
Keeping you trueYoull never be the sun turning in the sky
And you won't be the moon above us
On a moonlit night
And you won't be the stars in heaven
Although they burn so bright
But even on the deepest ocean
You will be the light
You will be the light
You will be the light
