So let me get inna the groove yaa girl  
Ge-get inna the mood yaa girl  
Mi-mi you fi choose yaa girl  
I'm ready to turn up  
Ge-get you likkle loose yaa girl  
Sips ciroc with the juice yaa girl  
You no has no excuse yaa girl  
I'm ready to turn up Ah beautiful evening  
I got you touching the ceiling  
Loving the feeling  
Ain't nothing stopping this, no, no, no  
No we got no fear  
Ready fi tun it up no care  
It's like we're billionaire  
Ain't nothing stopping this  
Go, go, go  
The way you say it  
Got me feeling like I'm fading  
The way you do it  
Got me wishing we were taken  
You got that bad, bad love  
And I just can't get enough  
And I know my friends sayin', "girl, stay away"  
But I like what I like I  
I eat that bad, bad love  
I breathe that bad, bad love  
I need your bad, bad  
So take me away cause tonight is the night I  
Bad, bad love  
Pure badness  
Bad, bad...  
Take me away cause tonight is the night I  
Bad, bad love  
Pure badness  
Bad, bad...  
Take me away cause tonight is the night A pure badness me use and run weh the sadness  
Love how mi trod, yes she love off the madness  
Sey mi god bless, you done know what's next  
Tear off di clothes and you done know mad sex Said I'm on gearing up

Tear it up, make you delirious  
Girl if you serious  
Ain't nothing stopping this, no, no, no  
Girl i'mma stir it up  
Give it up, I want you give it up  
Me and you should be living up  
Ain't nothing stopping this  
Go, go, go  
Ge-get you likkle loose yaa girl  
Sips ciroc with the juice yaa girl  
You no has no excuse yaa girl  
I'm ready to turn up The way you say it  
Got me feeling like I'm fading  
The way you do it  
Got me wishing we were taken  
You got that bad, bad love  
And I just can't get enough  
And I know my friends sayin', "girl, stay away"  
But I like what I like I  
I eat that bad, bad love  
I breathe that bad, bad love  
I need your bad, bad  
So take me away cause tonight is the night I Bad, bad love  
Pure badness  
Bad, bad
