Kerosene

Big Black

I was born in this town
live here my whole life
probably come to die in this town
live here my whole life
never anything to do in this town
live here my whole life
never anything to do in this town
probably learn to die in this town
live here my whole life
nothing to do
sit around at home
sit around at home
nothing to do
stare at the walls
stare at each other
wait til we die
stare at each other
wait til we die
probably come to die in this town
live here my whole life
theres Kerosene around
something to do
theres Kerosene around X2
she's something to do
theres Kerosene around
find something to do
theres Kerosene around
shes somethind to do
theres Kerosene
set me on fire...Kerosene X4
KEROSENE
SET ME ON FIRE
(false end)
Kerosene around
shes something
Kerosene around
now what do we do
theres Kerosene
now what do we do

jump Kerosene
now what do we do
Kerosene around
jump Kerosene
never anything to do in this town
never anythng but jump Kerosene
set me on fire Kerosene x4
SETMEONFIRE
