

# Manga Maniac

## Sex Appeal

He's a manga, manga, manga maniac  
He loves them all the ladies in the paperback  
Some pretty girls are dancing on the cover  
In white and black

Cause he's a manga, manga maniac Some boys like to flirt with every pretty girl they see  
Some boys want to touch a beauty in their fantasies  
Some boys come home drunk in the middle of the night

Some boys like their cigarettes and some boys really love to fight He's a manga, manga, manga maniac  
He loves them all the ladies in the paperback  
Some pretty girls are dancing on the cover  
And in his dreams he wants to be their lover  
Manga, manga, manga maniac  
The way he acts is giving me a heart attack  
Wants me to look like the hooker in the comicbook  
In white and black

Cause he's a manga, manga maniac But I like something that is really fun  
I want to be alone, when my baby is gone  
Unpack all my stuff, well I can't get enough

With the manga in my hand I jump into my wonderland Some boys do it once and some boys do it twice a day  
Some boys are making love in their very special way  
Some boys love to kiss every single little spot  
Some boys like it cool and some boys want it really hot
