If He Ask Me

Cherish

Verse 1
Got a man from the hood or is he from the streets
Yea I'm down cause he'd do anything for me
My man called me up said he needed a ride
I said what for he said just come and get me babe
Hopped in the whip with a real low key
Next thing I know he's r-r-running towards me
Hopped in the car got to feeling a feel
Looked in the back seen them lights in the rear
Chorus 2x's
Promise I'd risk my life (if he ask me)
Stand up in court and lie (if he ask me)
I really know time to side (if he ask me)
I'm always down to ride (if he ask me)

Verse 2
Yea I'm kinda mad but I don't give a damn
Cause I caught a case sorta did it for my man
I really don't care if they don't understand
Cause if I had the chance I would do it again
So called friends turn their backs on me
When I needed them most tell me who did I see
My man was there to get me back on my feet
Giving me bread and all the love that I need
Chorus 2x's
Instrumental Break
Chorus 6x's
