

# Tonight

Dyce

Tonight I'm in love  
I want you to know  
I follow my heart  
Whenever I go

Tonight I believe in love  
I'm fallin' again  
It never ends

Tonight I'm in love

Tonight the sky is painted red  
Your words are runnin' through my head  
You say you want me but I'm not alone

Goin' crazy this decision will tear me apart  
I wanna run but I can't change what I feel in my heart  
I'm gonna try to fight it but I can't control

Tonight I'm in love  
I want you to know  
I follow my heart  
Whenever I go

Tonight I believe in love  
I'm fallin' again  
It never ends

Tonight I'm in love

If you ain't afraid this confusion will leave me alone  
Like a spell that would leave me to be on my own  
I'm gonna try to fight it but I can't control

The sun can shine but the burning is drivin' me mad  
It's breakin' my hear and makin' me feel so sad

I wanna know you need me  
Can you let me know?

I want you to know

Ever I go

Fallin' again  
It never ends

Tonight I'm in love  
I want you to know  
I follow my heart  
Whenever I go

Tonight I believe in love  
I'm fallin' again  
It never ends

Tonight I'm in love
