The Takedown

Ryashon

I feel things changing when I move
(Its a distance, its a difference)
I'll cross this planet without you
(And you might call this a downfall)
Its one long night that I'm passing through
(Its a dark one, what have I done?)
Its one long nightDon't turn your back on me now
You can't do this
Don't say you can live without
You can't do this aloneHow did I end up like this
The lonely one
Your greatest takedown?
You take me downLeft last night with a long goodbye
(With some red wine through a phone line)
I told you thoughts that multiply
(That I don't know how to let go)
We've been here many times before
(I am empty when you leave me)
What's one more?Don't turn your back on me now
You can't do this
Don't say you can live without
You can't do this aloneHow did I end up like this
The broken one
Your greatest takedown?
You take me down
You take me downI won't get by
I won't heal in time
I won't get byDon't turn your back on me now
You can't do this
Don't say you can live without
You can't do this aloneHow did I end up like this
The chosen one
Your greatest takedown?
You take me down
