

# The Takedown

## Ryashon

I feel things changing when I move  
(Its a distance, its a difference)  
I'll cross this planet without you  
(And you might call this a downfall)  
Its one long night that I'm passing through  
(Its a dark one, what have I done?)  
Its one long night Don't turn your back on me now  
You can't do this  
Don't say you can live without  
You can't do this alone How did I end up like this  
The lonely one  
Your greatest takedown?  
You take me down Left last night with a long goodbye  
(With some red wine through a phone line)  
I told you thoughts that multiply  
(That I don't know how to let go)  
We've been here many times before  
(I am empty when you leave me)  
What's one more? Don't turn your back on me now  
You can't do this  
Don't say you can live without  
You can't do this alone How did I end up like this  
The broken one  
Your greatest takedown?  
You take me down  
You take me down I won't get by  
I won't heal in time  
I won't get by Don't turn your back on me now  
You can't do this  
Don't say you can live without  
You can't do this alone How did I end up like this  
The chosen one  
Your greatest takedown?  
You take me down
