

Miss Your Sex

[Raheem DeV Vaughn](#)

I was hoo-oo-oo hoping you would answer
Maybe hoo-oo-oo hoping you would call
Maybe one shot too many got me wishful thinking
Reminiscing on the love we had I know that its late
And I don't wanna disrespect your situation but
Hol' up baby wait
I gotta get this up off of my chest There's something you should know
Baby you're a tough act to follow
And when I'm all alone and I'm staring at the walls
In the back of my mind I hear my conscious call I miss you here
And you undressed
And the excitement of your heart beating out your chest
The way we lay it down
And everything that comes next
I miss your touch, I miss your kiss, I miss your sex I miss you here
And your nastiness
I miss the wetness of our bodies when we sweat
When you pull me in
And everything that comes next
I miss your feel, I miss the thrill, I miss your I miss your
I miss your S-e-x baby I miss your sex
S-e-x baby I miss your sex
S-e-x baby I miss your sex
S-e-x baby I miss your sex I miss creeping your thighs the look in your eyes
Baby when you release it
And there I go there I go unto the rim releasing all the love we had Baby are you still on the line
Can I get it one mo' time
Can I hit it hit it one mo' time
Taste it one mo' time
Don't make me contain it I miss you here
And you undressed
And the excitement of your heart beating out your chest
The way we lay it down
And everything that comes next
I miss your touch, I miss your kiss, I miss your sex I miss you here
And your nastiness
I miss the wetness of our bodies when we sweat
When you pull me in
And everything that comes next

I miss your feel, I miss the thrill, I miss your
I miss your S-e-x baby I miss your sex
S-e-x baby I miss your sex
S-e-x baby I miss your sex
S-e-x baby I miss your sex This ain't bout what I can't have
This is only bout what I want
This is only bout what I need
I need you next to me And I know its kinda crazy how we strayed away
Used to miss the love we had
I'm going through withdrawals
Said I miss you bad I miss you here
And you undressed
And the excitement of your heart beating out your chest
The way we lay it down
And everything that comes next
I miss your touch, I miss your kiss, I miss your sex I miss you here
And your nastiness
I miss the wetness of our bodies when we sweat
When you pull me in
And everything that comes next
I miss your feel, I miss the thrill, I miss your
I miss your S-e-x baby I miss your sex
S-e-x baby I miss your sex
S-e-x baby I miss your sex
S-e-x baby I miss your sex
