

Posse Song

Lil Wyte

Wassup with y'all?
I'ma take this time right now, to thank the men, Paul and Juicy
For making all this possible you know what I'm sayin'?
When you comin' from the bay
A lot of things don't seem like they can't happen in life
You just gotta put effort into it, you know what I'm sayin'?
A.C.P we fixin' to rock this, we did it again, you know what I'm sayin'? Let me tell you a lil' somethin' real
Around here a nigga tryina get them a meal
Climb that hill like Jack and Jill
But when I need to climb a nigga still keep it real
Fuck the way you other nigga feel
I'ma put a bullet in ya ass fo' real
So push on nigga 'cause you'll never get a deal
Fuckin' with us yeah you'll getcha self killed, getcha self killed Suckers run up to get beat down
Never in the public unless I got my fucking heat round
Niggaz got some problems leave you bitches underneath ground
Oh no, you niggaz didn't think a muthafucka weak now
Niggaz tryina chill I ain't with that fuckin' cross shit
Frasier Boy'll leave yo pussy ass in the trunk bitch
Hypnotize Minds muthafucka ya we done this
Prayin' I don't have to kill a nigga over dumb shit Lord Infamous the mercenary lethal lyrical butcher
Mafia so general gang member and pusher
Livin' legend in Memphis hood project is slum
Fresh hit a blay then you hear the spray from the Tommy Gun
Body goes numb and ya eye lids close
From the lead over dose when I split cha kinda low
'Cause my trigger finger only do nothing but squeeze
I'ma shoot ya bitch ass everywhere but under your feet I swear alot of niggaz blame me for shit
I ain't got shit to do with nigga show it and prove it
I always heard my CD wasn't big enough for a Royce
But I ain't believe until we bought a couple of them hoes
When you was style you gotta watch what you do
'Cause niggaz look for the smallest reasons to point fingers at you
They want so bad for somebody to come up over the 6
You better hurry up boy I'm 20 years in this shit, bitch Juicy J, yes, I'm that nigga
Smokin' all the weed and I'm drinkin' all the liquor
A nigga always strapped I gots to get mine
Nigga tell yo bitch quit waistin' my time
Fuck these wanna be thugs ain't never did crime

Nigga workin' for the feds and droppin' them dimes
I don't fuck with you bitches don't mess with yo kind
You can stay on yo corner and sniff on yo line, nigga You better hurry the fuck up if your going to do what I did
nigga
Plaqs all over the muthafuckin' place, movies
Muthafuckin' houses every muthafuckin' where
You better hurry up and to you bitch ass niggaz supporting them
You better super muthafuckin' hurry up and help these niggaz out
'Cause when somebody do take my muthafuckin' place
You muthafuckas going to be to muthafuckin' old to see it bitch
Hurry the fuck up nigga I woke up early to see the sunrise right across from outta of my eyes
Let me see these haters clearly whenever I stop down the drive by
I am a dramatic, most static addict, a rehab with automatic
Doubt me now I made it, phinally phamouse 'bout to let you have it
This is not a game kin fold game not playin' with ya
Gotta brang the slangs if the painter ain't gone paint yo picture
Some of the story we can tell it's just bout a communication
The shit you take turn the head all over the nation I been waitin' for vacations and the money that I'm makin'
Muthafuckas hatin' now that I'm on they times
Waisted I'ma do it for the bay and for my children and the war
And let these non believers know that we all been here before
Reality don't exist like concrete dream
Quote Johnny Wide miss him bad may he rest in peace
A livin' legend is what ya lookin' at and will now crown
If nobody else does I will make sure Memphis is standing out
