

Rock n Roll

Nowherebound

Rock N Roll

I got a pocket full of money, And a mouth full of lies
Made a "Peter Pan" living, Living "Lord of the Flies,"
And the devil waits for no man, so I told
So we build it back up, Just to tear it all down
So when the going gets tough, Let's get the fuck out of town,
I'm leaving here tomorrow, here we go!

Go, Go, Go! Just gimme that Rock n Roll in dirty rooms where no one knows our name
And Just Let Go! Let's all enjoy the show! we'll sing these tunes in punk rock tombs again

Well throw the booze in the back, And the gear in the van
Stay the fuck on the road, Just as long as we can
And glory be to those brave enough to roam
Leave it all on the stage, "Til we hit the next town
Cause you'll never get lost, If you don't wanna be found
And the story only ends when you get home!

Go, Go, Go! I'll bleed a little Rock n Roll with every chord, and every word we spit
And Just Let Go! Gotta feel a little open road, sing the glory to leaving worries to the wind!
