

# Norman

## Max Romeo & The Upsetters

Norman the gambler  
Rides around in a rambler  
Diamonds and pearls in the back Occupation, house master  
He lives of the less  
Running from the east to the west Oh, let me tell you more  
Norman never lose, always wins  
Yet Norman never give a way a bit  
If you ask for a less he said he wants more Norman the gambler  
Rides around in a rambler  
With pretty girls in the back  
He always sets the pack  
Norman always jumps a jack  
Every hand that he shows  
Is a flush or straight Let me tell you more  
Norman never lose, always wins  
Yet Norman never give a way bit  
If you ask him for a less he said he wants more He always sets the pack  
Norman always jumps the jack  
Yeah Norman the gambler  
Rides around in a rambler  
With pretty girls in the back Occupation, house master  
He lives off the less  
If you ask him for a less he said he wants more  
But let me tell you so  
Norman never lose, always wins  
Yet Norman never give a way bit  
If you ask him for a less he said he wants more Let me tell you so  
He always sets the pack, Norman always jumps the jack  
And every hand that he show  
Is a flush or straight Ah, do you hear?  
Norman the gambler  
Rides around in a rambler  
Diamonds and pearls in the back Occupation, house master  
Who lives off the less  
Running from the east to the west Ah, let me tell you so  
Norman never lose, always wins  
Yet Norman never give a way bit  
If you ask for a less, he said he wants more  
More, more Ah do you hear?

He always sets the pack  
Norman always jumps a jack  
And every hand that he show is a flush or straightEnjoy your trees, jumping jack
