

# Enough of the Blues

Gary Moore

Somebody hear me, Lord I'm in misery  
Somebody hear me, Lord I'm in misery  
I've had enough of the blues  
But the blues ain't had enough of me Had me a woman, oh Lord, I done her wrong  
Had me a woman, oh Lord, I done her wrong  
She got sick and tired of the cheatin'  
And now she's up and gone That's why she left me, loved me unless I ???  
That's why she left me, loved me unless I ???  
I've had enough of the blues  
But the blues ain't had enough of me Somebody help me, Lord I'm in misery  
Somebody help me, ah Lord my misery  
Well, I've had enough of the blues  
But the blues ain't had enough of me Somebody help me, Lord I'm in misery  
Somebody's gotta help me, Lord I'm in misery  
I've had enough of the blues  
But the blues ain't had enough of me  
I've had enough of the blues  
But the blues ain't had enough of me  
I've had enough of the blues  
But the blues ain't had enough of me
