Let It Loose

Wale

Chorus:
All the girls really want is fun
Just a place that they can come
So their wild side has the freedom to run
And last but not least please don't tell no one
I just wanna treat you like the woman that you needa be
I be on that Peter Pan in NYC
You needin me? then hit me
Commitment? No not really
And shawty don't be silly we not trippin off your history
This a one nighter
And a bitch when she fight em
And some liquor will light her
If its no I.D. adios got no interest in minors
I'm on my grown man B.I. you see why
Cuz these lil broads think its not alright to be bi
I'm askin make sure you comfortable with it nevermind
You never play with young boys cuz they never private
And if they ever out you, that's why you always quiet
The only one thats not patron-in designated drivin
Okay lets loosen up a little
That nuvo or that goose will have you losin your religion amen

They say you only live once so go to work for what you need
But ima give you what you want
[Chorus]And she gon let it loose (hey)
Let it loose (hey)
Let it loose (hey)
Let it loose (hey)
She wants you to stroke her (yeah)
Stroke her (yeah)
Stroke her (yeah)
And have fun (yeah we do)
And let it loose (hey)
Let it loose (hey)
Let it loose (hey)
