

# Have Mercy

## Los Brazos

Baby

What can I do to make you forgive me

For ever cheatin' on you

See I was a fool, I plead insanity

I throw myself at your mercy

So do what you will with me

Have mercy, mercy, mercy on me

For cheatin' on you

I don't know what I was thinkin'

'Cause nobody could do me like you

Have mercy, mercy, mercy on me

For cheatin' on you

I don't know what I was thinkin'

'Cause nobody could do me like you

Lover, do you hear me

I took your love for granted but now I see, I see

I should've never let him in, I just misunderstood

When I thought he'd give me what you already could

Have mercy, mercy, mercy on me

For cheatin' on you

I don't know what I was thinkin'

'Cause nobody could do me like you

Have mercy, mercy, mercy on me

For cheatin' on you

I don't know what I was thinkin'

'Cause nobody could do me like you

Yea

Well well well well

Alright

Have mercy on me

Have mercy, mercy, mercy on me

For cheatin' on you

I don't know what I was thinkin'

'Cause nobody can do me like you

Have mercy, mercy, mercy on me

For cheatin' on you

I don't know what I was thinkin'

'Cause nobody can do me like you

Have mercy, mercy, mercy on me

For cheatin' on you  
I don't know what I was thinkin'  
'Cause nobody can do me like you  
Have mercy, mercy, mercy on me

For cheatin' on you  
I don't know what I was thinkin'  
'Cause nobody can do me like you  
Have mercy, mercy, mercy  
Have mercy, mercy, mercy  
Have mercy, mercy, mercy
