

Let It Be Broke

[AFI](#)

I live in truth, complacently
Where's the threat you see in me?
Am I the cause of your self consciousness?
You scream at me 'Cause I can't ignore the destructiveness that you support
'Cause my life's contrary to yours, no soft words from my mouth
A glazed look in your eyes I live in the world of reality
You comfort yourself with lies I will release myself I will detach myself from you, I will detach myself from
your kind
I've seen your life but I can't see how it is that you can be
So content in your own ignorance it's been so dark for so long
Now a new light has come along, illuminating all So shut your eyes no soft words from my mouth
A glazed look in your eyes I live in the world of reality
You comfort yourself with lies I will release myself I will detach myself from you
I will detach myself from your kind
I will release myself from you
I will detach myself from you I will detach myself I will defy, will defy
I won't tell you what you want to hear
I will show you what's real what's real, what's real
What's real, yeah I will, will defy
I will, will defy I will, will defy, will defy will
