

# Finish What I Start

## The Shadowboxers

I start something  
But that's where it ends  
I'll test the waters  
But I won't ever swim  
The other side  
Is not in sight  
How can I know  
If I don't open my eyes? I'm feeling it now  
Like a leaf in the rain  
But I'm telling myself  
That it's never too late  
It's never too late  
Cause we're all gonna change  
And I won't fall down  
Hear me calling now  
Oh my god  
Life from the window side  
And now it's up overhead  
My god  
Can't seem to bring it down  
And I'm stuck inside instead You say something  
About using my head  
But I like dreaming  
Cause it never has to end  
And I'll be done  
That's what I say  
Then I find  
That I was dreaming again today  
I'm feeling it now  
Like a long London rain  
But I'm telling myself that it's never too late  
It's never too late cause we're all gonna change  
And we all fall down  
Hear me calling now Oh my god  
Life from the window side  
And now it's up overhead  
My god  
Can't seem to bring it down  
And I'm stuck inside instead Oh I'm ashamed again

Unrefined

Let me preach to preacher instead

And we'll be fine

Just like every time And I'm living it now

Like a leaf needs the rain

I been telling myself that it's never too late It's never too late

No it's never too late

Cause we all fall down

Hear me calling now Oh my god

Life from the window side

And now it's up overhead

My god

Can't seem to bring it down

And I'm stuck inside instead If I go through with the next part I'll finish what I start
