Feeding Frenzy

Overkill

Got blood, and gutts got a real survivor...
killers and crooks - evening's looking brighter
dishin' off the inside of somebody else's life
And we can tune in later for the big disaster
yeah, it's what we're after
everybody's watching, everybody's listening
the whole world's tunin' and we wouldn't wanna miss it
praise the recreator for the modern gladiator
everybody's tuning in so let the feeding frenzy begin
Got superstars who will make you fall in love with
stand on the secrets we can tear them down with
who cares if it's lies if it's just somebody else's life.
And if you stay tuned maybe we can see that wacko in a body bag (HOO)
everybody's watching, everybody's listening

the whole world's tunin' and we wouldn't wanna miss it
praise the recreator for the modern gladiator
everybody's tuning in so let the feeding frenzy begin
And when you're bored and empty they got hell of plenty
God! Entertainment!
Give us something crazy cuz.
everybody's watching, everybody's listening
the whole world's tunin' and we wouldn't wanna miss it
praise the recreator for the modern gladiator
everybody's tuning and the freakier the better
everybody's watching, everybody's listening
the whole world's tunin' and we wouldn't wanna miss it
praise the recreator for the modern gladiator
everybody's tuning in so let the feeding frenzy begin
