## Jason Isbell & The 400 Unit

I grew up 2 hours north of Birmingham  
Me and my daddy used to fish next to Wilson Dam  
He told me the stories of Marrow and J W Dan  
When i got a little older, I wouldn't, now daddy came

But I thank G-d for the TVA  
Thank G-d for the TVA  
Me and my daddy used to bow to the river and pray  
Thank G-d for the TVA

When I was 15, me and my girl sat out on the lock  
watching the racoons and terrapins dance on the rock  
She let me put my hand up under her shirt  
I wanted her, so bad it hurt  
So I thank G-d for the TVA  
Thank G-d for the TVA  
While me and my baby used to hide out and wait on the day  
Thank G-d for the TVA

My granddaddy told me, when he was just seventy-so  
His daddy lost work, and they didn't have a road to hold
