

# OK?

## LIVE

i am not ok with this tv in my face  
and liar after liar with nothin' bout nothin' higher i am on the outside peerin' in to your world  
and all the boys and girls are singin' save me,  
save me from the one who only rapes me take away my tv don't want your f\*\*kin' recipe it's all decay  
decay decay not today  
today today take away my tv  
don't want your f\*\*kin' therapy it's all decay  
decay decay not today, not today it's our world and i'm on fire with anger and desire  
not the kind that they feed to me with their emptiness and greed  
greed greed
