Safe

Westlife

Hard to find a way to get through, it's a tragedy Pulling at me like the stars do, you're like gravity Even if the wind blows

It makes it hard to believeHow you gonna love, how you gonna feel?

How you gonna live your life like the dream you have is real?

If you lost your way, I will keep you safe

We'll open up all the world inside, see it come alive tonightI will keep you safeDoesn't even matter to you to see what I can see

I'm crawling on the floor to reach you, I'm a wreck you see

When you're far from home now

Makes it hard to believeSo how you gonna love, how you gonna feel?

How you gonna live your life like the dream you have is real?

If you lost your way, I will keep you safe

We'll open up all your world inside 'til you come alive tonightI will keep you safeWe all fall down

We all feel down

'Cause rainy days and summer highs

The more we break the more we feel aliveHow you gonna love, how you gonna feel? How you gonna live your life like the dream you have is real?How you gonna love, how you gonna feel?

How you gonna live your life like the dream you have is real?

If you lost your way, I will keep you safe

We'll open up all your world inside so you come alive tonight will keep you safe

I will keep you safe I will keep you safe
