

# White Room

## Demons & Wizards

In a white room with black curtains, near the stations  
Black roof country, no gold pavements, tired starlings  
Silver horses run down moonbeams in your dark eyes  
Drawn light smiles on your leaving, my contentment I'll wait in this place where the sun never shines  
Wait in this place where the shadows run from themselves You said no strings could secure you at the station  
Platform ticket, restless diesels, goodbye windows  
I walked into such a sad time at the station  
When I walked out, felt my own need just beginning I'll sleep in this place where the sun never shines  
Wait in the dark where the shadows run from themselves At the party she was kindness in the hard crowd  
Consolation from the old wound now forgotten  
Yellow tigers crouched in jungles in her dark eyes  
She's just dressing goodbye windows, tired starlings I'll wait in the queue when the trains come back  
Wait here with you where the shadows run from themselves
