

Never Again

Cover Your Tracks

I drank the blood, it never went to waste
Exaggerated but I love the taste
Now it's gone, now it's gone
But here I am
Bleeding out, bleeding out
Until you're fed Never again (your time has passed)
You left me for dead (no turning back)
Now I see nothing around me
You're disappearing Stuck in the dessert with a snake in my hand
I realize that its my only friend
Sink it in
Take it in
But I'm not dead
Bleeding out, bleeding out Never again (your time has passed)
You left me for dead (no turning back)
Now I see nothing around me
You're disappearing
Never again And if the sun doesn't rise
How will you get through the night
Another victim in view
Wolves surrounding you One part venom
Two parts favor
One more victim in their view
These wolves are surrounding you Never again (your time has passed)
You left me for dead (no turning back)
Now I see nothing around me
You're disappearing
Never again
Never again I drank the blood, it never went to waste
Exaggerated but I love the taste
