

# You Make It Real (Radio Version)

[James Morrison](#)

There's so much craziness surrounding me  
There's so much going on it gets hard to breathe  
All my faith has gone you bring it back to me  
You make it real for me  
Well I'm not sure of my priorities  
I've lost site of where I'm meant to be  
And like holy water washing over me You make it real for me  
And I'm running to you baby  
You are the only one who save me  
That's why I've been missing you lately  
'Cause you make it real for me When my head is strong but my heart is weak  
I'm full of arrogance and uncertainty  
But I can find the words  
You teach my heart to speak You make it real for me  
And I'm running to you baby  
You are the only one who save me  
That's why I've been missing you lately  
'Cause you make it real for me Everybody's talking in words  
I don't understand  
You got to be the only one  
Who knows just who I am  
And you shine in the distance  
I hope I can make it through  
'Cause the only place  
That I want to be  
Is right back home with you I guess there's so much more  
I have to run  
But if you're here with me  
I know which way to turn  
You always give me somewhere,  
Somewhere I can run You make it real for me  
And I'm running to you baby  
You are the only one who save me  
That's why I've been missing you lately  
'Cause you make it real for me You make it real for me
