Have Mercy

Select Start

Awkward silence
I graze your hand
my heart is racing to comprehend it
I never fell for a girl I just met
but she's carefully taken my heart from my chestand I don't believe in anything
I don't believe in anythingI'm not trying to make you blush
its been a week and I need your touch
something is telling me this could work out
I'm keeping the baggage from holding us downI don't believe in anythingEven though you haven't said
the words you say could kill this man
this isn't much I'm offering
just now you mean the world to meyour lips are winning me over
your secrets rest on my shoulders
I'll take you in
I'll take you anywhere you wantI've got the words but you've got desire
you've got the moves to set my on fire
its much more than love
its much more than lust
the sentence that I'm spilling out
let's make it count
don't t-t-t-talkEven though you haven't said
the words you say could kill this man
this isn't much I'm offering
just now you mean the world to meyour lips are winning me over
your secrets rest on my shoulders
I'll take you in
I'll take you anywhere you wantthis moment is all I've wanted
I think we're on to somethin'
nothing is holding us back
you know and I know this heartbeat could crumble the world
(shout)
you'll never be over it
(shout)
never be more proud of itit's all that I wanted
it's all that I wantedEven though you haven't said
the words you say could kill this man
this isn't much I'm offering
just now you mean the world to me
your lips are winning me over

your secrets rest on my shoulders
I'll take you in
I'll take you anywhere you want
