

I Think I Could Stand You Forever

Toto

Would you say, no, if I asked you for your hand?
Could you believe in the same words that I don't understand?
And would you cry, if I told you I must go? I've been waiting such a long, long time
I think I could stand you forever
I've been wanting you a long, long time
I think I could stand you forever Would you say, no, if I asked you for this one chance?
Am I a fool to believe that this night is circumstance?
I wish that for once you could see the look in your own eyes, oh I've been waiting such a long, long time
I think I could stand you forever
I've been wanting you a long, long time
I think I could stand you forever I've been waiting such a long, long time
I think I could stand you forever
I've been wanting you a long, long time
I think I could stand you forever I think I could stand you forever
Think I could stand you
Think I could stand you forever, yeah
Think I could stand you forever, yeah Think I could stand you forever, yeah
Think I could stand you forever, yeah
Think I could stand you forever and ever and ever and ever
