

# Love Hunger

## Hamilton Park

I take it personal when I see you hurting baby  
'cause when you're hurt I'm hurt like we're the same person baby (baby)  
Instead I'm shooting it to the dawn  
We need to find another winner  
'cause if we don't, then things will never change at all There's anybody else there  
There's anybody else out there kill my pain  
'cause people out here dying every day  
And if we'll be different if I had my way, had my way, ey.  
But there's no way I get through this on my own, oh no  
'cause somebody is weak but together we're strong  
Ohh! Ohh! ohh!  
Hey!  
Hey!  
Hey, yeah! And all the things could be a little better  
If it wasn't love equally  
But is that too much? Is that too much?  
To ask you that  
Girl you know nothing, bitch I'll throw you  
But you know nothing, bitch about you  
But you'll never stop trying., hey Don't give that up, don't give that up  
No not on us, There's anybody else there  
There's anybody else out there kill my pain  
'cause people out here dying every day  
It would be different if I had my way, had my way, ey.  
But there's no way I get through this on my own, oh no  
'cause somebody is weak but together we're strong  
Ohh! Ohh! ohh!  
Oh yeah, oh yeah yeah yeah yeah  
Ohh ohhh ohhh
