

One Night With You

[Gino Vannelli](#)

One night with you
One dream come true
One love no man can deny
The good in your eye, yeah yeah
Yeah yeah, yeah yeah One life undone
One song unsung
My world of fire and ice
Become paradise, yeah yeah
Elysium come true in loving you One angel of man
Giving me wings
To a promised land
Leaving the world behind Leaving this world behind One night with you
One sky come blue
One night no rhymes can reveal
The heaven I feel, yeah yeah
Elysium come true in loving you
