

And Now for Something Completely Similar

NOFX

Hello, welcome to our disc
Turn it up and get your neighbors pissed
Or turn it down, it don't matter to me
Take two placebos and call me lame
Can't you see my soul worn on the
second sleeve
It's going up for sale as soon as it gets saved
Interrogation blues, once again I lose
You don't get to magnify my insecurities
You don't get to sit and save my unhipocracies
Not for sale
Take two placebos then you can call me lame
Walk some in my shoes then tell me to fuck off
My oversized hat won't fit your humongous head
I'll trade a hundred days for one inside of you
Take me to a cave, where I can't be seen
Solace makes the heart, pump adrenaline
I'm sick of being used, time and again betrayed
Give a man a key, he cannot not open the door
Give him something free and he'll sell it to the poor
C'est la vie
Take two placebos then you can call me lame
Walk some in my shoes then tell me that I'm fucked
My humongous hat won't fit your gigantic head
