

# Bicken Back Being Bool

YG

I'm just bicken back being bool  
I'm just bicken back being bool  
I'm just bicken back being bool  
I'm just bicken back being bool  
I'm just bicken back, bicken back, bicken back, bicken back being bool  
I'm just bicken back, bicken back, bicken back, bicken back being bool Pull up on the block like why  
Fuck the police, niggas better call the SWAT  
I ain't never played with the pot  
I was in your house trying to find a spot to extend my knots  
I went to jail, fool flock, came home with the strike  
He went to jail, was a bitch, came home as a dyke, nigga yikes  
I don't play that shit  
Wifey like SEGA, I don't play that bitch  
I'm a real fucking nigga with a motherfucking attitude  
Walk up in the spot, you would think that a nigga mad at you  
I was on the block chillin' homies  
Plus the mission came back in a quickness  
Hoping there wasn't no witness  
And they came back shooting, my homies went back shooting  
And nobody hearing that, out here shit getting stupid  
And my homies with the news so they grabbed that tool  
This all started from a day of niggas bicken back being bool I'm just bicken back being bool  
I'm just bicken back being bool  
I'm just bicken back being bool  
I'm just bicken back being bool  
I'm just bicken back, bicken back, bicken back, bicken back being bool  
I'm just bicken back, bicken back, bicken back, bicken back being bool Verse 2, the sun come down  
You know when the sun come down the guns come out  
Click clack bow bow, bow bow bow bow bow  
I used to rob niggas, that's probably why they try to rob my style  
And karma is a motherfucking biatch  
You got your homie in jail, you sniatch  
All in the court telling the judge who it is  
Like a bitch when you get to the pen, niggas on your wick  
Niggas be lurking, bitches be slurping  
Niggas got caught up on them Nextel's chirpin'  
It's a must in the county, I ain't have no pagers  
My bitch wouldn't come see me, I was in there masturbating  
Smoking on the biggerette, eating all the bereal

Niggas on the block selling O's like Cheerios  
(Ey nigga, nigga, nigga, I got the hoes on right now  
Like right now right now  
Like what you trying to do right now? I'm just bicken back being bool  
I'm just bicken back being bool  
I'm just bicken back being bool  
I'm just bicken back being bool  
I'm just bicken back, bicken back, bicken back, bicken back being bool  
I'm just bicken back, bicken back, bicken back, bicken back being bool  
Meanwhile at a home invasion near you
