# My Darling

## Lucy Schwartz

Hold me close, I'm sleeping in
I'm sleeping in, my darling
Close the shades, sun's creepin' in
It's creepin' in, my darlingDon't you wanna fall asleep
Forget about tomorrow
Close your eyes, but not to weep
Forget about your sorrow
Da da da da da da da da da da daLights go down, it's evening
It's evening, my darling
And the colors change, you're dreaming
You're dreaming, my darlingDon't you wanna fall asleep
Forget about tomorrow
Close your eyes, but not to weep
Forget about your sorrow
Da da da da da da da da da da da
Da da da da da da da da da da daOh, let it go
Let your troubles slip from your mind
And lay here with me
Where there's no sense in keeping the time
Da da da da da da da da da da da
Da da da da da da da da da da da
