

# Wet Dreams

## Kunal

D12, Twiztid, and Bizzare, east side baby, sex on my mind  
Yeah its time to get romantic (come here slut) romantic-ish  
Man i'm gonna let her sip the nut up out my cock  
10 more strokes till i bust and plus i'm pumping it double time  
Who's is jiggelin more hers or mine?  
Sweatin like i'm liftin weights  
They love my banana and i love shovin it in and out of they soft face  
I like it when they freaky-deaky  
They lick they lips and tell me that they wanna see me naked from the hips down  
Oh don't start no shit now  
Come stick it in ya mouth show me what you all about  
I'ont even know ya name girl  
But i know that yous a pro at somethin  
Took me clean to the grapes with butter flyin on her own muffin  
Dripin down her leg with execitement and juice  
Rubbin my sack pullin hard hoping that i'ma cut loose  
I pop like a bottle o'martini and raw  
See i spunked i coated her tongue and body  
Woke up with my dick stuck to the bedsheet  
I aint fucked no down beast  
I'm a victim of wet dreams  
[chorus:]It makes makes me feel so good  
I can't help but explode everytime  
I go to sleep and it appears  
Always with sex on it's mind  
I can't control it but i know  
That this shit can't be right  
I love to hit don't be fooled  
I go to sleep every night  
Now i was tied up under a vieduct  
With cigareete burns on my face  
And i'm bein fucked by a known slut  
But i'm like so what  
  
The only question that i got is  
Can i stick it in her butt  
When i'm about to bust a nut  
She gets off and start to suck  
And just my luck the fuckin cops show up

They scream freeze but she keeps on suckin  
Like a fat chick with a 20 piece mcnugget  
Now the fuzz is buggin and handcuffin  
When all of a sudden she pulls a gun and starts bustin  
Asshole naked and i can't escape  
Now who the fuck said it no fun to get raped  
Blood set and 4 cops is done  
Now she walkin back toward me reloadin the gun  
And now she startin back suckin  
Mouth hotter than the sun  
And just when i'm about to cum [gunshots]  
[chorus]Daydreaming about marrying halle berry  
Elton jon fucking the virgin mary  
A peepin tom you can find me in rollovers  
With a black ski mask and a yellow fur coat  
I like gettin my dick sucked and my ass licked  
I love gettin it licked i bout just took a shit  
I'm at the family reunion i don't know what i'm doin  
Tongue is in my aunty my uncle talking about sueing  
I'm a fat ass fuck who don't get ass  
Thats why most of my time my right hands taking the gass  
Bizzare at the marty graw with a chainsaw  
Fuckin slap a bitch raw screaming fuck them all  
God dammit i love the first date  
Fuck the kissin i'm tryin to get my ass hairs ate  
Then i'm pissin on the midgets lickin my balls  
I'm about to bust right in front of st. andrews hall  
[chorus]
