

# Exogenesis -Symphony Part II(Cross Pollination)

## Muse

Rise above the crowd, and wade through toxic clouds  
Breach the outer sphere  
The edge of all our fears  
Rest with you  
We are counting on you, it's down to you Spread our codes to the stars  
You must rescue us all Spread our codes to the stars  
You must rescue us all Tell us, tell us your final wish?  
Now we know you can never return  
Tell us, tell us your final wish?  
We will tell it to the world
