

That's What I Call Love

Lauren Talley

Verse 1

There's an old silly notion that love is an emotion that changes like the wind
Some say that it's a feelin' that sets your mind to reelin' and makes you wear a funny grin
One day I heard the story how Jesus came from glory and died to save my soul and though I wasn't worthy, I
called and Jesus heard me
Now His blood has made me whole

Chorus

That's what I call love
That's what I call mercy
That's what I call wondrous, boundless, goodness of the Lord from Heaven above
He gave His light on the cross of Calvary
That's what I call truly undeniable, fully indescribable, yeah that's what I call love

Verse 2

The love of a brother, a father, or a mother, can bring joy to your heart
Your friends who are stable, tried and true and faithful, they'll be there when you fall apart
But these can measure the single greatest treasure that Jesus gave to me
A love without condition, a change in my position from a beggar to a child of the King

Chorus 2X

That's what I call truly undeniable, fully indescribable, yeah that's what I call love
