

Help Me Help You (feat. Why Don't We)

Logan Paul

-Yo

-Yo, you coming to the party?

-No, bro, she is taking forever

-Bro, it's almost over

-Yeah, I know, bro

-So, you coming to the party?

-No, bro, I'm not coming to the party"

-Babe!

-I gotta go.[Why Don't We:]

What do I wear?

I only told you twelve times

The first dress that you put on is still your best friend

We've been sitting in this dressing room for hours

I need a break baby I don't have the brainpower When you ask me my opinion

I'm always sure to be your minion

Girl you're kinda like long division

Everything is difficult

Help me help you...[Logan Paul:]

Girl what you trying to do

'Cause I don't got a clue

No I ain't no Scooby Doo

(Help me help you)

'Cause I'm hungrier than you

I just wanna get some food and you about to kill my mood

(Help me help you)

"Do these jeans make me look fat?"

Yeah I know you want the answer but I'm smart and that's a trap

(Help me help you)

Oh, and here's a random fact

You still got my favorite hoodie and you need to give it back[Why Don't We:]

It ain't that I ain't calling back

It's just you said you needed space

And so I'm staying out your way

It ain't that I ain't got your back

But you went out of your way to make that "k" a lowercase When you ask me my opinion

I'm always sure to be your minion

Girl you're kinda like long division

Everything is difficult

Help me help you...[Logan Paul & Why Don't We:]

Baby girl when I ask you if there's a problem
Don't tell me you're fine I know you're not fine
I just don't understand you, you steal the covers and then you want me to cuddle you are you hot or are you
cold?
Don't ask me if think another girl is cute a that's a loaded question
What are you trying to do? What are you trying to make me girl?
We are on the same team, so just, just, please, please just listen to me and hear what I have to say baby girl...
(Help me help you)-OK, I get it, I completely get it
-Yeah?
-Yeah, I mean you did all of this for me
-I did yeah the band was expensive, the helipad's really expensive but I think it was definitely worth it
-Thanks babe

-What do you really think about these jeans? I mean I didn't know when I was getting ready this morning if I do
it with a longer jacket...
