About Last Night

New Buffalo

About Last Night(About Last Night EP)This is all
About last night
This is all
About last nightThe lights are low
The diner is not what it seems
Am I in a dreamHotel car
In my head
Where is the key
Little secrets
Are coming clearYou're making plans
So she's got something to break
You're holding hands
The accidental mistake
When you change your mind
She can see
She's left confused and defeated
This was not meant to be
This is all about last night
Yeah
This is all about last nightShe's got her face on the jacket, it's warm
She never felt so unsafe before
She gets caught in a b-grade storm
If you do this do it for you
If you do this do it for you
If you do this do it for you
If you do this do it for you
Take her back she cannot stay there
She doesn't know what else to do
If you do this do it for you
And stop before you startMaking plans
So she's got something to break
You're holding hands
The accidental mistake
When you change your mind
She can see
She's left confused and defeated
This was not meant to be
This is all
About last night

You turn to watch her leave now
She's alright
She's alright
