

Big Footin'

Parliament

I know what you can do
Let us lay some funk on you
Funk on me?
Funk on you Music for the young and old
Music good to your ear hole
Hey, hey, oh, Lord Big foot music
I'm gonna be good to you
Big foot music
Good to your mama too Big foot music
Music that will blow your mind
Big foot music
Music is right on time I know what you can do
Let us lay some funk on you
Funk on me?
Funk on you Big foot music
Music make you stomp your feet
Big foot music
Say, just clap your hands to the beat Big foot music
Music gettin' in your bone
Big foot music
Music turns you on I know what you can do
Let us lay some funk on you
Funk on me?
Funk on you Lord, yes, ooh, Lord Big foot music
Hey, good to you
Big foot music
Good to your mama too Big foot music
Hey, music will blow your mind, Lord
Big foot music
Funky music right on time I know what you can do
Let us lay some funk on you, yeah
Get it right here I know what you can do
Let us lay some funk on you, yeah
Get it right here I know what you can do
Let us lay some funk on you, yeah
Get it right here I know what you can do
Let us lay some funk on you, yeah
Get it right here I know what you can do
Let us lay some funk on you

Funk on me?
Funk on you Music that will blow your mind
Music that is right on time Big foot music
It's good to you
Big foot music
Good to your mama too, Lord Big foot music
Music make you stomp your feet
Big foot music
Clap your hands to the beat, y'all, Lord I know what you can do
Let us lay some funk on you, yeah
Get it right here I know what you can do
Let us lay some funk on you, yeah
Get it right here I know what you can do
Let us lay some funk on you, yeah
Get it right here
