

# River Of Sand

## The Greencards

I don't know how I got to this place  
Chasing memories I got through the face  
On the land like a river of sand Every time I believed what I heard  
Paparazzi's, they fade like the words of a song  
Now I know I was wrong So river of sand will you carry me home  
'Cause I don't understand how to make it alone?  
Where the water runs free for the sunlight to dance  
Just wanna come back on a river of sand What's so bad about rain on your town?  
All the dew on the ground when the sunrise began  
Let it come 'round again I got nothing but time here to kill  
No big glance, no true love  
Just the 'Will I be thrilled?'  
So would you wash me away? So river of sand will you carry me home?  
'Cause I don't understand how to make it alone  
Where the water runs free for the sunlight to dance  
Just wanna come back on a river of sand I don't know what to say so I won't ask  
Know the right words to pray my way back So river of sand will you carry me home?  
'Cause I don't understand how to make it alone  
Where the water runs free for the sunlight to dance  
Just wanna come back on a river of sand
