

The Illest Villains (Remix)

Madvillain

As luck would have it, one of america's two most powerful villains of the next decade is turned loose to strike terror into the hearts of menWho shock women into uncontrolled hysteria"don't touch that!"The villains themselves were ultimately responsible for much of the popularity

Audiences loved to hate

The importance of the villain was not overlooked, of course one of the worst of all was madvillain

They had no code of ethics"what's the matter, a guy was only tryin' to have fun-"

"get to work on these boys, anybody bring a gun for me?"

"yeah here's one."Not one but two - typical villain releases included"I know they wanna kiss me, but don't let anyone see me like that - please doctor help me!"And a sequel"master of all-"Both the villains were to meet

in"your mother was the lightning!"Two historical figures, outlaws and desperadoes if that

The villainous pair of really nice boys who just

Happened to be on the wrong side of the law

Three hundred and sixty degrees

Similar sequences could not be defeated

Villains who possess supernatural abilities

Villains who were the personification of carnage

Madvillain, more accurately, the dark side of our beings

Perhaps it is due to this seminal connection

That audiences can relate their experience

In life with the villains and their dastardly doings
