

Hush Little Baby (feat. Ed Sheeran)

Wretch 32

Hush little baby, don't cry,
I said, hush little baby, don't you cry,
I said, hush little baby, don't you cry, no,
I said, hush little baby, don't you cry

I said, hush little baby, don't you cry,
Daddy ain't sure he can raise you right,
I ain't even good with saving my money,
Why should I think I could save your life?

The whole families gonna think I'm a devil,
But I want to see my angels eyes,
I say this with one hand on my heart,
Guilt ain't gonna make me change my mind

My first thoughts were the worst thoughts,
Running round my head in circles,
The world's gonna hate me for saying this,
But patience is a virtue

So we don't have to rush for our first you,
We can take time, do rehearsals,
And I ain't acting, this is personal,
And I ain't doing this just to hurt you

I should say goodbye,
Before I say hello,
So darling hold me closely tonight
Because if you open your eyes,
I'll never let you go,
Moving slowly, we'll both sleep tonight
We'll just be dreaming till you wake me up

When I'm telling her about raving,
She's telling me about cravings,
I want her to just get the message,
I don't wanna have be so blatant

So I told her my life ain't balanced
Yeah, said the time ain't right,

She said god's clock's the only one that matters
And it's about time I tried

Yeah, and if I listen to my family,
Then there'll be a new addition to my family,
I can't help feeling pure pressure
Everybodies looking down
But they don't understand me, yeah,
And everyone's so stressed
So I'm getting mixed messages
But nobody's rang me
I'm saying this ain't a game
But when I say the wrong things
Everybody wants to hang me

I should say goodbye,
Before I say hello,
So darling hold me closely tonight
Because if you open your eyes,
I'll never let you go,
Moving slowly, we'll both sleep tonight
We'll just be dreaming till you wake me up

Hush little baby, don't you cry,
I said, hush little baby, don't you cry,
I said, hush little baby, don't you cry, no,
I said, hush little baby, don't you cry

I know I should say goodbye,
Before I say hello,
Darling hold me, closely, tonight
Because if you open your eyes,
I'll never let you go,
Moving slowly, we'll both sleep tonight
We'll just be dreaming till you wake me up
