

# I Want to Get Lost (Acoustic Version)

## Sanctus Real

Nobody wants to get lost in the crowd  
Buried beneath the ambient sounds  
Under the beat of a million hearts  
Finding You can be the hardest part Well, I found my way to trouble  
I found my way to pain  
Oh, but I'm so tired of trying  
To find my own way So I wanna get lost  
I wanna get lost in Your arms  
I wanna get lost  
And lose my way into Your heart 'Cause there's so many voices  
Telling me how to get lost in this life  
So right now I wanna get lost in You  
Before I lose myself I never imagined that the star  
A thousand ways, I could find my heart  
Caught in a web of compromise  
Stuck in the prison of my own lies It was easy to find my way  
Not as easy to get out  
Oh, the roads to my own rule  
Are too easily found So I wanna get lost  
I wanna get lost in Your arms  
I wanna get lost  
And lose my way into Your heart 'Cause there's so many voices  
Telling me how to get lost in this life  
So right now I wanna get lost in You  
Before I lose myself And I'm tired of trying to find my own way  
And I'm tired of playing my own serenades  
Like I'm memorizing the same old phrase  
Just repeating my steps to the same old place Oh, I wanna get lost tonight, I wanna get lost  
I wanna get lost in Your arms  
I wanna get lost  
And lose my way into Your heart 'Cause there's so many voices  
Telling me how to get lost in this life  
So right now I wanna get lost, lost in You  
Before I lose myself, before I lose myself
