

Greenback Boogie

Ima Robot

See the money wanna stay, for your meal
Get another piece of pie, for your wife
Everybody wanna know, how it feel
Everybody wanna see, what it's like
Baby wanna be a queen, well alright
We all deserve the finer things, in this life

...

...So working on a little job, in the night
It's forty dollars an hour when I, see the light
The boss say you got a little time, and oh my
He'll be working in a small box, till he die

Me, I gotta be free, all my life

I want a little cream cheese, in my pie Alright... Yeah! I'll step back, while you go dance

The greenback boogie

Mother f*ing boogie Now I'm putting on a big wig, walking hard

Hanging with them big pigs, all them dogs

Got me a couple ideas, straight from God

I want a bean pie

Order me a bean pie

I'll even eat a bean pie, I don't mind

Me and Missy is so very busy busy making money Alright... All step back, I'm 'bout to dance

The greenback boogie

The greenback boogie

Boogie for me now

...

...

...Say, it's far better, when you give it away

It's called the greenback boogie

What people don't say, I say It's better, when you give it away

It's called the greenback boogie

Don't give it all away now, I say

It's better, when you give it away

It's called the greenback boogie

Don't give it all away now, I say See the money wanna stay, for your meal

I'll say it's gonna put some love, in your life

Don't you really wanna know, how it feel?

Everybody wanna see, what it's like

Babe you wanna be inside, it ain't lies

We all know there's better things in this life Yes I'll step out, for your last dance

Doin' the greenback boogie
Mother f*ing boogie
Boogie oogie oogie
Greenback Boogie Come on back to paradise
Come on back to paradise
Come on back to paradise
Come on back to...
Come on back to...
Come on back to paradise
Come on back to paradise
Come on back to paradise
Come on back to...
Come on back to...It's the greenback boogie
It's the greenback boogie
Don't give it all away now
Don't give it all away now, I say It's better, when you greenback boogie
Well don't give it all away
Well don't give it all away, I say It's better...
It's the greenback boogie
Don't give it all away...
