## In This Legacy

## **Monty Are I**

Face to face, we've come from lands undone
We bend and twist this broke mess, yet to see the sun

And now soon you'll see the glory

And I'm proof of living deadDestroy what you've built, give up the will (trust me, cause so far I've stood strong. Trust me cause so

far I've stood tall. Just listen when I say)[chorus]

This is how we live

This is what we breathe

And it's insulting to my face

It's something I'll take under my wing, I will fly until i sing this free (Stop, surrender to fate)

A servant to your dreams, this blood will spillRuining your dreams that i despise, I will not strike til i see the whites of your eyes

And only then you'll feel the fury

And I'm proof of living deadDestroy what you've built, give up the will (trust me, cause so far I've stood strong. Trust me cause so

far I've stood tall. Just listen when I say)[chorus]This is the one that is the answer to our lives Look ahead and even if it never works

(I'll be) satisfied with every motion

And now I am sure I was right[chorus]Destroy what you've built, give up the will [x2]
