

Up Up Up

GIVERS

You're gonna find your way, find a way to be
You're gonna get yourself a land with your old man
You'll get it free, you'll get it free It's the way now, way to see
'cause it's inside and out with no doubt
It's in everything, it's in everything Oh, we up up up for the glow show
Yeah we down down here on the ground
Yeah we up up up up above love
Yeah we up up up through the clouds
Yeah we up, yeah we up
Yeah we up, yeah we up You're gon' find your way, find your way to be
Yea you're gonna get yourself a line with your own spine
You'll get it free, you'll get it free It's the way now, way to see
Yeah in the moment it comes and it goes
Gets in everything, it's in everything Yeah we up up up for the glow show
Yeah we down down here on the ground
Yeah we up up up up above love
Yeah we up up up through the clouds
Yeah we up, yeah we up
Yeah we up, yeah we up (Instrumental Break) Yeah we up up up for the glow show
Yeah we down down here on the ground
Yeah we up up up up above love
Yeah we up up up through the clouds
Yeah we up, yeah we up
Yeah we up, yeah we up
