

The One You Are Looking for Is Not Here

Katatonia

This breaking vow rests so near my tongue
Anchor of the cloud
Shade upon the sun
You took my word for it
The vanishing of doubt... will unfold my empty space
Your time froze over I must lead the way, to this conclusion
I let you inherit, these words I sing
Do you see how death will bestow seclusion
The one you are looking for is hidden from view In my absence now relevant time will pass
In nothingness abide
See the evening rise, and take my word for it
Focus is beyond your vision... will unfold my empty space
Your time froze over I must lead the way, to this conclusion
I let you inherit, these words I sing
Do you see how death will bestow seclusion
The one you are looking for is hidden from view Do you remember when?
It didn't use to be so dark
When everything was possible
Still
