

# Turn Off The Lights (Shoutless)

Cassie

I'm not afraid  
Afraid of the dark  
So turn the lights off All I need is a DJ and a whole lotta noise (oh)  
A dance floor that's packed  
With fly girls and a whole lotta boys (oh) We goin up down back forth  
Right to the rhythm  
Seem like I always get the feelin  
Any time they turn the lights off Be my guest  
Cause when the lights off  
I'm in my best  
So turn the lights off  
I'm not afraid  
Afraid of the dark  
Afraid of the dark  
So turn the lights off We can get closer  
We can get closer  
We can get closer  
If we just turn the lights off  
We can get closer (I'm not afraid)  
We can get closer (Afraid of the dark)  
We can get closer (Afraid of the dark)  
If we just turn the lights off (So turn the lights off) Just get me in a corner  
And I'll do my dance (oh)  
And if your nice  
You can do what you wanna  
Do with your hands (oh) We goin up down back forth  
Right to the rhythm  
Seem like I always get the feelin  
Any time they turn the lights off Be my guest  
Cause when the lights off  
I'm in my best  
So turn the lights off  
I'm not afraid  
Afraid of the dark  
Afraid of the dark  
So turn the lights off We can get closer  
We can get closer  
We can get closer  
If we just turn the lights off

We can get closer (I'm not afraid)  
We can get closer (Afraid of the dark)  
We can get closer  
If we just turn the lights off You can tell from how I walk  
We don't need no talk  
I ain't afraid of the dark  
We don't need no more I, I, I'm looking for you We goin up down back forth  
Right to the rhythm  
Seem like I always get the feelin  
Any time they turn the lights off Be my guest  
Cause when the lights off  
I'm in my best  
So turn the lights off  
I'm not afraid  
Afraid of the dark  
Afraid of the dark  
So turn the lights off I'm not afraid  
Afraid of the dark  
Afraid of the dark  
So turn the lights off
