Sometimes

[Barry White](#)

Life is a game, it's a
And the only way you can participate in it
Is you have to get involved
With all your heart and soulYour mind, oh, your mind
Is such a great thing, use it, use it
The positive has to overtake the negativeAnd no matter what people may say to you
Believe me, you have to get involved
In the game of life
Things don't always go the way you want 'em to
But hang in thereDon't be afraid, no matter what they say
You gotta take a chance at life
And you don't know how far you can go
And you won't know until you trySet your sights for better things in life
And work for them hard as you can
Patience is key, it always sets you free
It's all about your master plan
People, sometimesSometimes you win, sometimes you lose
Sometimes some things are so hard to do
Sometimes you win, sometimes you lose
Sometimes some things are so hard to doMake your move, be careful what you chose
You gonna reap what you sow
Make no mistake, you've got what it takes
And all it's gonna take is youPatience is key, it always sets you free
And you can make it if you try
Don't waste time makin' up your mind
It's your choice, it's your life
Listen to me, peopleSometimes you win, sometimes you lose
And sometimes some things are so hard to do
Sometimes you win, sometimes you lose
And sometimes some things are so hard to doThey say that the mind
Is a terrible, terrible thing to waste
And so it's time, and it's time
That you made up your mind
About what you wanna do in lifeDifferent strokes for different folks
We're all in this together
And what you have to realize is that
You can't always win and you can't always lose
Just sometimes, sometimes you doListen to me, peopleSometimes you win, sometimes you lose
And sometimes some things are so hard to do

Sometimes you win, sometimes you lose
And sometimes some things are so hard to doSometimes you win, sometimes you lose
And sometimes some things are so hard to do
Sometimes you win, sometimes you lose
