

Flying Easy

Donny Hathaway

We're flying high on a velvet sky
With the wind on our wings
Climbing easily on the breezeWe're flying easy
And we do just what we pleaseWe drink the breezes as we drink wine
And the nectar is sweet
Now the feeling we have is funWe're flying easy
Drifting on a summer breezeThe trip is smooth and we gently glide
We ride the rainbow and we see to a tee
How happy it can be to be freeWe gather gold from the evening sun
And it's heavenly hues
And we don't have a thing to loseWe're flying easy
And we do just what we chooseThe trip is smooth and we gently glide
We ride the rainbow and we see to a tee
How happy it can be to be freeWe float and there is no thought of time
'Cause we're singing of love
And the pleasure is so divineWe're flying easy not a worry on our mind
Easy not a worry on our mind
We're flying easy on a breeze
Flying, flying, flying
