# Missouri Loves Company

## Ringo Starr/Ringo Starr/Ringo Starr

Is it's a sin to live without
To look within?
I didn't know which way to turn
She had to go and so I've learned
And now forever and a day
I will wait
In that Show-Me-State
Yes, Virginia there?s a world to see
But without you where can it be?
I'm goin? to Kansas City but that?s just me
On a Greyhound bus from Tennessee
No need to worry, I ain't in no hurry
Missouri loves company
Down this country lane
I leave behind a little pain
And as I cross the county line
And every state's in my mind
I've got nothin? to lose
Like St. Louis
I've got the blues
Yes, Virginia there's a world to see
But without you where can it be?
I'm goin' to Kansas City but that?s just me
On a Greyhound bus from Tennessee
No need to worry, I ain't in no hurry
Missouri loves company
Minneapolis through Saint Paul
The pain's the same and that ain't all
I'm headin' north where my lover calls
I'm not goin' down like Niagara Falls
I've got to do what's best for me
That's findin' you
I?II travel on near or far
?Til I find the place you are
Yes, Virginia there's a world to see
But without you where can it be?
I'm goin' to Kansas City but that's just me
All the way from Graceland Tennessee
There's no need to worry, I ain't in no hurry

Missouri loves company
